Your registration is confirmed

Dear Amir Hakimi,

Thank you for registering. This letter confirms your place and tells you how to start.

Registration	E-2026-0590
Learner ID	X2026-0193
Micro-credential	Industrial IoT Fundamentals
Cohort	Cohort 2026/2
Dates	01/09/2026 to 20/12/2026
Mode	Blended
Fee paid	RM 520, 25/08/2026
Withdrawal deadline	30/11/2026. Withdrawn modules stop; modules already achieved stay on your record.

How to open your course on UCreds

1. The course space opens on UCreds before 01/09/2026. You get a message when it is ready.
2. Sign in to UCreds with your UTeM account. There is no separate password.
3. Open the course named Industrial IoT Fundamentals, Cohort 2026/2. Modules open in order.
4. Return to MCMS to follow progress. Results and credentials appear there after the lecturer submits and the deputy dean verifies them.

Log masuk ke UCreds dengan akaun UTeM anda. Ruang kursus dibuka sebelum 01/09/2026; modul dibuka mengikut urutan.

What you receive

Industrial IoT Fundamentals is a Stand-alone Micro-Credential (SAMC). Completing all modules earns 2 credits, MQF level 4, Quality-Verified (02/06/2025 to 02/06/2028), a certificate and a Digital Credential, and an Academic Credit Record (ACR) you may choose to deposit in ABC.

Penamatan memberi sijil dan Kredensial Digital; kredit direkodkan dalam ACR hanya apabila layak.

> Completion, credential, ACR, ABC deposit and credit transfer are separate decisions, each made by a different person at a different time. Registering does not promise any of them. Deposit in ABC is storage, not a transfer.

Penamatan, kredensial, ACR, deposit ABC dan pindahan kredit ialah keputusan berasingan. Pendaftaran tidak menjanjikan mana-mana daripadanya.
